

## **SPECIAL SKILLS / EQUIPMENT USED**

### **SOUND**

I have mixed FOH for bands, and have run cues for theater performances.

Have used the following equipment: Allen & Heath GL2000 mixer, Yamaha DM1000 Digital mixer, PM3500 Mixer, Peavey 8ch powered mixer, wireless body mics and handhelds, floor and hanging mics, instrumental mics, sound editing and recording via computer, live sound mixing/recording, cable repairing, sound cue playback.

### **LIGHTING**

I am becoming an experienced lighting designer, with 25+ theater designs and 30+ concert designs. I work as house lighting designer and master electrician for College of Dupage and when not the designer I am just master electrician. The exception to being Master Electrician is College of Dupage doesn't require me to perform all typical roles of Master Electrician.

Have used the following consoles/software: High End Systems Hog 3 Software & IPC console, Colortran Innovator 48/96, Colortran Encore, ETC Insight console, ETC Express 48/96, 72/144, ENTECC LightFactory control software. Jands Hog 500.

Have used the following instruments: Source 4, Strand SL, Strand Century, Altman 360Q Ellipsoidals, Altman 6" Strand 6" & 8" Fresnels, Par Cans, Intelligent Lighting (scanners and moving yoke) High End Trackspot & Intellabeams, Robe Wash 575AT, Robe Colorspot 700, Martin Mac 700, Vari-Lite 3000, American DJ Xtreme (Custom refurbished), followspots, Adequate knowledge of Roscolux swatch book. Par Striplights, and Altman Ministrips.

### **CONSTRUCTION**

I have worked in the sceneshop at College of Dupage for 3 years, I have been through 4 years of woodworking vocational courses as well. Completed an introductory course on welding. Covering Oxyacetaline welding and cutting, stick welding, MIG, and TIG. An overview of plasma cutting but not hands on.

Typical Equipment used: Drill/screw guns, table saw, panel saw, skill saw, reciprocating saw, radial arm, chop saw, drill press, band saw, palm/belt sanders, staple/nail gun, router, circular saw, painting tools (spray, roller, brushes, etc), wood/canvas flats.

### **RIGGING**

Counterweight single purchase fly systems, Chain Motors
